Al -Amal Hospital From the Manager's Desk

Al-Amal Hospital, a state of the art quality but cost efficient hospital was commissioned in Hamad Town on 13th July 2007. The major beneficiaries of this planned 35 bedded (presently 20 beds commissioned) has been the local residents residing in Hamad Town, Buri , Karzhakahn, Dumistan, Hamla and surrounding villages in this governorate.

The hospital boasts of 2 modern operation theatres meeting the latest MOH quality standards, 2 labour room suites in the maternity section, a new born nursery, 2 bedded ICU and a 3 bedded accident and emergency apart from triage and ambulance facility. This infrastructure has quality support facilities like CSSD, manifold rooms with central oxygen etc.

The major Departments of this hospital are

- General Medicine
- Pediatrics & Child Care
- Physiotherapy
- Ultrasound scanning
- Dental Care
- X-Ray, Laboratory

With the support of

- Qualified doctors,
- New generation ambulance for patient transfer,
- 24 hrs pharmacy,
- 24hrs working 'Emergency' Department.

The Hospital provides

- Executive Health Checkup Packages, Insurance coverage
- Special coverage for low income groups, companies and organizations.

The experience of running this hospital has been wonderful with above 90% of patients coming in are Bahrainis residing in adjacent areas. It gives us immense pleasure and satisfaction to have met the needs of a private medical infrastructure in this area thus complimenting the excellent services rendered by the government health centres.

I once again take this opportunity to thank the concerned authorities on behalf of the organization

**Dr. Ramesh P.
Managing Director**
