

In line with the recommendations submitted by the National Medical Taskforce for Combating the Coronavirus (COVID-19)

The Ministry of Health has extended COVID-19 related precautionary measures for an additional 3 months until 31 May 2021, as follows:

The COVID-19 Health requirements and procedures at commercial and industrial premises

Social distancing measures practiced at commercial and industrial premises

Health screening of workers employed at commercial and industrial premises

The suspension of service fees for foreigners attending health centres (BHD 7)
