

The travel entry procedures via Bahrain International Airport has been updated, starting from Sunday, 09 January 2022

Arrivals must present a negative PCR certificate before boarding the plane, administered no more than 72 hours of departure.

One PCR test will be required to be taken upon arrival, with a cost of BHD 12.

Unvaccinated individuals aged 12 years and over must quarantine for a period of 10 days at their residence or place of stay.

All updated entry procedures for the Kingdom of Bahrain can be viewed through the Ministry of Health's website on: healthalert.gov.bh
