

The National Medical Taskforce approves
an optional second COVID-19 booster shot
for the 12-17 age group 9 months from the
date of their last booster shot

Starting from Friday, 20 May 2022

**Eligible individuals can
opt for:**

- Pfizer-BioNTech dose
- Same vaccine as their
previous booster shot

The green shield in the BeAware application **will
not change** to yellow if eligible individuals do not opt
for a second or future additional booster shot

Second booster shot for eligible individuals :

Individuals aged 12-17 years old

9 months from the date of their last booster shot.

Recovered individuals

6 months after the date of infection, and **9 months** following the first booster shot.

Vaccination centers can be viewed via the Ministry of Health's website healthalert.gov.bh
